

Kellington Primary School

**Title of Policy: Vision and Values
Statement**

**Date
Reviewed:
Summer 18**

**Person Responsible:
SLT/Governors**

Frequency of Review: Each year

Our vision and values statement was reviewed by the school stakeholders, including School Council, parents, governors and staff, in July 2017 and agreed as:

Our School - Our Future

Working together as the Kellington family, we aim to equip our children with the skills to become happy, caring and responsible citizens in an ever-changing world. Our safe, stimulating and supportive environment enables children to reach their full potential, through rich, varied and memorable experiences, both in school and beyond.

The values of respect, honesty, tolerance, confidence and resilience are promoted in everything we do.
